THE IMPACT OF THE
CORONA VIRUS

PRAYER & FASTING

LET'S RECONSIDER EVERYTHING

BY VANESSA FAVORS

No one would have ever guessed that just in a few months, our lives would have changed so much. Few people if any were alive when the 1913 pandemic occurred and even then, the world was not impacted so quickly and so thoroughly. Our methods of travel, from flights to cruises to cars and just walking has spread the virus almost everywhere in the world. We are all on lock down and the danger is real; so what do we do?

You have heard arrogant promises, defiant ones, new age, useless quotes and empty step-by-step ways to try to cope the with a situation that has no real end in sight.

People are concerned and afraid. They are concerned about their health, jobs, finances and families but there is something we can do that is certain.

Let's reconsider everything.
Let's consider what the Word of **God** says.

Covid-19 took the world by surprise, but not **God**. We have all sinned and fallen way short of what **He** expects of us. The birds are not on lock down; we are. The trees and all the plants are not on lock down, but we are. None of nature is on lock down, but we are. **God** gave man dominion over the earth, but we have disobeyed **His** Word and abused our privilege. We have sinned against **God**. We need to reconsider how we live. **Repent People**. We need to agree that we are wrong and **God** is right. *Right is not relative to what we think, but what **God** says it is.*

ISAIAH 59:1

PRAYER & FASTING

HELPING YOU AT HOME

Let's get really serious with **God**. Let's first of all repent of our evil ways and beg **God's** pardon. This goes for the believer and the unbeliever. We want the benefits of righteousness without being righteous. People, let me be acutely clear, you can not con **God**. We have become so good at conning each other that we actually have the gall to think that **God** can be conned too. **He** already knows your motives and thoughts.

Got plenty of food in the frig? How long do you think that's going to last? Counting on that stimulus check? What's going to be left when you finish paying just one month's bills?

There is only one answer, let's stop what we are trying to do, repent, fast and pray.

Now some may say, I'm on special medicines, I can't fast. Well people, if **God** does lift this plague off the earth, whether or not we take our meds won't matter any way.

Are we so proud and hard-hearted towards the Creator of the Heaven and Earth that we would rather perish? Look at our situation; it is precarious.

If you would like to fast with me, send an email to customer@vroengine.com.

I know that **God** will hear us if we are sincere and turn from our wicked ways.

Think about it, is that asking for too much of you?

Let's not be like pharaoh who just kept resisting **God** to his own demise. What will you gain by resisting **God**? I can tell you, heartache, destruction and lose.

"Behold, the hand of the Lord is not short that it can not save neither His ear heavy that He can not hear."

ISAIAH 59:1

Fasting helps the mind, body and soul. Who doesn't like to eat? For most of us, it is one of our favorite sports, but would you be willing to give up at least a day to ask **God** to forgive you of your sins and to save us from this plague? Someone may say, I don't believe in your **God**, but I will fast.

What will it take for you to acknowledge the **One** and only true **God**? Go ahead, pray to your fake god and see what happens. Don't you think that that's very risky for you?

You may say, what about those Christians that contracted the virus and died.

Please be advised that it is written in the Holy Scriptures that it is appointed for man to die once and then the judgement. We are all going to die of something, old age, sickness, injury, disease including COVID-19. Only those who remain and *who are saved* when **Jesus** returns will be changed and taken when the dead in **Christ** rise. You may say that you don't believe any of the above, but I would say to you, that you do believe that you have an expiration date; don't you?

You do know that no man or woman knows when or if an effective vaccine will be created. You do know that people are dying from this virus. You also know that the world has willingly lost it's moral compass whether you want to admit it or not. We had it coming, we just didn't know how and when; well, it's here now. So, let's just do the right thing; humble yourself and pray.

God could take this virus away in a moment, but what's more important is your soul's salvation.

Ask **Jesus Christ** to show you who **He** is and to save your soul.

*"Because **He (Elohim)** has appointed a day in which **He (Elohim)** will judge the world in righteousness by that **Man (Jesus)** whom **He (Elohim)** has ordained;, and for that reason **He (Elohim)** has also given assurance unto all men, in that **He (Elohim)** has raised **Him (Jesus)** from the dead."*

ACTS 17:31
